# Report AMPP Issues to Your Union

To report issues affecting AMPP that are out of your control, visit [www.iam751.org](http://www.iam751.org).

On a computer: click on blue AMPP button on the left side of your screen.

On a cell phone: scroll down to blue AMPP button near the bottom!

*NOTE: Use the AMPP button every time you witness something in your shop you believe would negatively affect the AMPP numbers that are out of our members' control. When reporting information, please describe any events or issues (i.e. vendor issues, rework, NCR's generated while performing vendor rework, NCRs generated performing out-of-sequence work, vendor mistakes and vendor defects that were mistakenly charged back to your shop, unnecessary overtime, parts shortages, damage in transportation, or engineering changes).*
