4-10's: All weeks with holidays will be worked as eight (8) hour shifts unless overtime is required.

4th & 5th Shifts: If a recognized paid holiday falls on a regularly scheduled work day, employees shall be paid the regular base rate of pay for eleven and one-half (11½) hours plus shift premium if applicable. If a recognized paid holiday does not fall on a regularly scheduled work day, employees shall work their regular shift and shall be paid the regular base rate of pay for eight (8) hours plus shift premium if applicable.

- A. Employees shall be paid the regular base rate of pay for these eight (8) holidays plus shift premium if applicable although no work is performed regardless of the day of the week on which they fall, provided:
 - 1. The employee worked his/her last regularly scheduled work day prior to, and his/her first regularly scheduled work day following the holiday except where the absence is due to:

- D. Any holiday which falls on a Saturday shall be observed on the preceding Friday.
- E. Overtime worked on holidays shall be paid according to the overtime clause, Article 6.

- E. Fifteen hundred (1500) working hours, or more, in the employment of the Company, during a twelve (12) month period, from the date of hire, shall constitute one year's continuous service and qualify an employee for a vacation. An employee may not take his/her vacation until after the twelfth (12th) calendar month of his/her employment, or the satisfaction of the year's continuous service, whichever is later. If an employee with fifteen hundred (1500) hours worked is on leave of absence, sick, or on layoff on the anniversary date of his/her employment, and thereafter returns, he/she will be entitled to his/her vacation.

For the purpose of calculating working hours in a year, fourth (4th) and fifth (5th) shifts will be calculated at hours worked times one hundred sixteen percent (116%).

If an employee fails to work fifteen hundred (1500) hours in any year after his/her first qualifying continuous year of employment, he/she will be entitled to pro-rated vacation as follows:

First Year: After completion of fifteen hundred (1500) working hours or more in a twelve (12) month period from their anniversary date, the employee shall be entitled to forty (40) hours vacation.

After the employee's second anniversary date:

500 working hours.....	20 hours
900 working hours.....	32 hours
1000 working hours.....	40 hours
1100 working hours.....	48 hours
1200 working hours.....	56 hours
1300 working hours.....	64 hours
1400 working hours.....	72 hours
1500 working hours.....	80 hours

The above schedule will apply proportionately to those employees who qualify for three (3) or four (4) weeks' vacation. No employee will be entitled to more than one earned vacation per year.

- F. Vacations must be taken within the twelve (12) month period following the day from which the employee became eligible thereto.
- G. If an employee has any unused earned vacation hours at his/her anniversary date, such vacation hours will be paid at his/her regular straight time rate on the payroll following the employee's anniversary date.

- H. Any employee who is terminated for any reason shall receive all earned (but not used) and accrued vacation. Employees laid off may request all earned (but not used) vacation. Employees on layoff, after sixty (60) days, may, in addition, request pay for all accrued vacation through the date of lay-off.
- I. Vacation schedules will be posted on January 2 through May 1 during which time employees may sign up for their vacation. In case of conflict, seniority shall prevail. Vacations may be taken at the convenience of employee provided forty-eight (48) hours' notice is given and the day is agreeable with the Company.
1. Unless agreed on with the respective salaried supervisor, vacations must be taken in no less than forty (40) hour intervals. Vacation will be granted in no less than increments of eight (8) hour blocks.
- 4-10's: Unless agreed on with the respective salaried supervisor, vacations must be taken in no less than forty (40) hour intervals. Vacation will be granted in no less than increments of ten (10) hour blocks.
- 4th & 5th Shifts: Vacation shall be used in no less than forty (40) hour intervals, paid at the regular day shift hourly rate plus the applicable shift premium.
2. The Company will have the right to schedule and reschedule vacations as the work load and deliveries demand. Approved vacations of forty (40) hours or more scheduled sixty (60) days in advance cannot be revoked by the Company.
- J. All pay and time off will be computed at forty (40) hours per week at the rate effective at the time vacation is taken. This includes pay differentials and shift premiums if applicable.

ARTICLE 10: APPRENTICES

In the event the Company chooses an in-house or State Apprenticeship Program, both the Company and the Union will work together to mutually establish such programs. Any such program will be subject to all contract provisions.

The same Company benefits and the same shift differential shall be paid for Apprentice as for Journeyman.

It shall be further understood in the best interests of the Apprentice, he/she shall not be allowed to work any overtime or work a shift that conflicts with attending school classes.

Apprentices shall accumulate seniority for the classification in which they are training and be subject to workforce reductions on a seniority basis.

ARTICLE 11: REPORTING PAY

Full-time employees coming under this Agreement who are required to report for straight time work shall receive not less than four (4) hours' pay or work. Any full-time employee who is not specifically instructed at least twelve (12) hours before his/her regular starting time not to report to work shall be considered as having been ordered to report and is, therefore, entitled to four (4) hours' pay. If any employee is required to remain on the premises more than four (4) hours, he/she shall receive a full day's pay.

In the event of an emergency such as fire, flood, power failure, etc., beyond the control of the Company (alleged lack of work cannot be construed as emergency) or where the employee voluntarily quits or is discharged for just cause, the foregoing requirements shall not be applicable and the employee shall be paid for actual time worked.

ARTICLE 12: CALL-BACKS

- A. Employees called to work after having left the Company's premises shall be allowed a minimum of four (4) hours straight time pay or the applicable overtime rate for hours worked whichever is greater and shall be required to do only such emergency work as originally called for.
- B. Call-backs are construed to mean those calls issued by telephone or messenger for return more than three (3) hours after normal shift hours, in which event it shall be considered a call-back.

ARTICLE 13: NO STRIKE/NO LOCKOUT

- A. The Union agrees that neither it nor any of the employees in the bargaining unit covered by this Agreement will collectively, concertedly, or individually engage in or participate in any strike, including sympathy strikes, slow-down, work stoppage, refusal to work, picketing, sit-down, stay-in, boycotts, or other interference with or restriction of work or production for any reason whatsoever during the term of this Agreement.
- B. Should a strike or concerted stoppage of work by employees of the Company occur during the term of this Agreement, the Union, within eight (8) hours after receipt of written notice from the Company, shall be obligated to do the following things:
 - 1. Advise the Company in writing that the strike or stoppage has not been called or sanctioned by the Union, and
 - 2. Advise the workers that, inasmuch as no such strike or stoppage has been called by the Union, they are engaged in an illegal strike or stoppage and will instruct the workers to return to work immediately.
- C. The Company will not lock out any or all of its employees during the term of this Agreement.
- D. Both parties understand that this Article contains specific prohibitions, the violation of which will result in immediate and continuing damages and irreparable injury, justifying injunctive relief, and it is agreed that either party may obtain injunctive relief against any violations, or the continuation thereof of any threats of violation, in an appropriate court having jurisdiction.

ARTICLE 14: SHOP STEWARDS AND GRIEVANCE PROCEDURE

- A. There shall be a shop steward for each shift in each building employing ten (10) or more bargaining unit employees. Stewards shall be appointed by the Business Representative or elected by the bargaining unit members to work jointly with management in settling of all disputes that may arise. Shop stewards shall have super seniority. Elections shall be held January 2017, or as needed.

Each shop steward shall perform his/her duties in a manner which will not affect production.

The Company will keep the Union Office informed of all new hires, lay offs, bumps, discipline and job postings within a timely manner.

- B. The Company hereby retains and reserves unto itself all right and authority except to the extent those rights that are clearly and explicitly limited by the express terms of this Agreement. All complaints, disputes, grievances, or differences that may arise over the interpretation or application of any part or portion of this Agreement shall be handled in the following manner:

- Step 1: The individual or individuals having a grievance must present same to his/her respective supervisor and his/her shop steward within five (5) working days after the employee first should have become aware of the occurrence or it will be deemed to have been waived by the aggrieved party. The supervisor shall have five (5) working days to satisfy the grievant or the grievance will be taken to Step 2.
- Step 2: If the grievant is not satisfied, his/her Shop Steward shall then present this grievance in writing to the supervisor of the individual concerned within five (5) working days from Step 1 response date; if not done within this time limit the grievance shall be deemed to have been waived. If no satisfaction or agreement is reached within five (5) working days from written submission (this time may be extended by mutual agreement), the grievance will be taken to Step 3.
- Step 3: The grievance shall then be presented to the authorized representative of the Company by the Shop Steward. If no satisfaction or agreement is reached within five (5) working days of presentation (this time may be extended by mutual agreement), the grievance will be taken to Step 4.
- Step 4: The grievance shall be referred to the Business Representative of the Union and the Chief Executive Officer of the Company, who shall attempt to reach a satisfactory agreement. If no satisfaction or agreement is reached within ten (10) working days (this time may be extended by mutual agreement), this dispute shall be taken to Step 5.
- Step 5: The Federal Mediation & Conciliation Service shall be requested to submit a list of seven (7) qualified and approved arbitrators, from which list the arbitrator shall be selected by alternately striking one name from the list until only one name shall remain. That person shall be the arbitrator.

The decision of the Arbitrator shall be final and binding upon the parties hereto. Any decision rendered shall be solely within the scope of this Agreement, shall not expand or change any of this Agreement's terms or conditions, and shall, in his/her decision, specify whether or not the decision is retroactive and the effective date thereof.

Any mutual expense incurred in the process of arbitration shall be borne equally between the Company and the Union.

ARTICLE 15: SAFETY

- A. The Company and employees shall comply with all State and Federal safety laws. If a conflicting opinion develops between the Company and the bargaining unit members as to a condition being hazardous, the Company and the bargaining unit members shall agree to abide by the decision of the Safety Committee. If corrective action is necessary, it shall be done in a manner to be acceptable to all State and Federal safety laws.
- B. The Safety Committee will consist of equal representation by employees and management. Said Committee will hold monthly meetings and maintain appropriate records of such meetings.
- C. The Company agrees to pay one hundred twenty-five dollars (\$125.00) towards the purchase of prescription ground safety glasses once each calendar year.
- D. The Company will advance up to five hundred dollars (\$500.00) towards the purchase of tools and work wear upon submission of written request and supervisor approval. This advance will be deducted from payroll in no more than ten (10) equal payments.
- E. Drug Screening

The Company and the Union jointly recognize that the use of drugs and alcohol, which adversely affects job performance, constitutes a serious threat to efficient operations and to the safety of fellow workers.

It is, therefore, agreed that the Company's Substance Abuse Policy (implementation date: December 15, 1995) is an integral part of this Contract.

ARTICLE 16: SENIORITY

- A. With a view to maintaining the most harmonious relations possible and the utmost teamwork between employees, work shall be distributed as evenly as possible among employees in their various classifications. - D. In the event of a layoff, employees who have reached their first anniversary date shall retain their seniority for twelve (12) months from their layoff date. Employees who have not reached their first anniversary date shall retain their seniority for six (6) months. In the event of an absence caused by illness or a leave of absence granted by the Company, the employee shall retain seniority for twelve (12) months following the first day of the absence unless said seniority is extended by mutual agreement between the employee and the Company. In the event of an industrial accident, the employee shall retain seniority until such time that the employee is released by a physician to return to work.
- E. In all layoffs, the last person in the classification shall be the first person laid off providing seniors are qualified and capable of doing the work that is available. In a layoff due to a reduction in work force, the employee (providing seniority has been established) shall be given a minimum of three (3) working days notice. All employees will have the right to bump provided the employee is qualified, willing and capable of doing the available work.

If a senior employee chooses to not exercise his/her right to bump and takes a lay-off, the senior employee relinquishes all rights to recall by seniority in the lower skill levels in other classifications. The employee will be recalled when a position opens in the classification and skill level from which he/she was laid-off. In the event an employee chooses to bump, but no positions are available, the employee will be recalled to the first qualified position available if senior to others in a similar situation.

1. Seniority in all classifications will be determined by plant seniority, plant seniority being date of hire.
 2. Qualified to bump means:
 - a. If lower skill level bumping to is in the same classification, or;
 - b. If employee has completed eight hundred (800) working hours or a six (6) month period of time, whichever is longer in the classification bumping to, or;
 - c. If none of the above apply the Company will decide whether the employee will be allowed to bump.
 - d. Higher skill levels from any classification can displace Helper 1's.
- F. In all recalls, the last person laid off in a classification shall be the first person hired back in that classification providing seniors are qualified and capable of doing the work that is available.
- If the person being recalled has been away from work due to layoff, leave of absence, or industrial accident for more than sixty (60) days, they will be subject to a drug screening subject to Article 15 as a condition of reinstatement.
- In the case of lay-offs out of seniority where a senior employee volunteers to be laid-off in place of a less senior employee, the last person laid off will be the first person hired back. In the case of lay-off out of seniority where the senior employee is not qualified or capable of doing the available work, the senior employee will be the first employee hired back providing he/she is qualified and capable of doing the available work.
- G. Employees shall only lose their seniority rights for one of the following reasons:
1. Voluntary termination
 2. Discharge for proper cause
 3. Failure to report from layoff within five (5) working days after receiving notification to return to work
 4. Failure to keep the Company informed of current address and phone number where he/she can be reached when on layoff
- H. A seniority list shall be posted in the shop and kept current, no less often than once a quarter.
- I. Senior employees shall have shift preference within their classifications and shall be able to exercise this right no more often than once every six (6) months, providing seniors are qualified and capable and the Company's production requirements are met. Company must honor preference within thirty (30) calendar days.

4th & 5th Shifts: These two shifts will be strictly voluntary for all employees with a plant seniority date prior to July 1, 2006.

The Company will determine the number of employees on each shift and will notify employees of a shift change at least five (5) working days prior to the shift change.

- J. When an employee is promoted to a salaried position, said employee shall be kept on the seniority list for one (1) year. Seniority time in their classification will accrue and the employee would be allowed to withdraw from the Union. If the employee returns to the bargaining unit prior to the expiration of the one (1) year period, his/her seniority will not be affected.

When an employee changes classifications, said employee shall be kept on the seniority list in his/her previous classification until he/she has established seniority in the new classification.

- K. All classification openings will be posted plant-wide with description of qualifications for a period of three (3) working days. For current employees applying for openings, seniority shall prevail providing applicants are qualified and qualifications are equal. A classification opening is defined as a position that is to be filled with an anticipated duration exceeding thirty (30) calendar days. All posted openings if not filled within fifteen (15) working days after being posted will require re-posting of position to be filled if Company intends to fill the position. Skill level openings will be posted within classifications.
- L. Any employee promoted to a higher skill level or transferred to a different classification shall complete an eight hundred (800) hour probationary period. If the employee is not suited for the skill level or transfer, the employee may be returned to the previous classification and skill level and rate of pay.
