Medicare Part B Enrollment

If you or your eligible dependents are Medicare eligible at the time you are laid off, you must do the following:

• **Contact Social Security immediately to enroll in Medicare Part B**
  • Coverage will be effective the month following your enrollment
  • If you do not enroll timely into Part B, Medicare may assess a penalty
  • For questions related to Medicare Part B enrollment, you should contact the Social Security Administration at 1-800-772-1213

• **Contact our vendor, SSDC, at 1-877-768-3011 and request a CMS Employment Verification form**
  • This form tells Medicare that you were covered by our active medical plan, and this is why you did not enroll in Part B at age 65. SSDC can answer your questions about coordinating Medicare coverage with your COBRA

Retiree Medical Modeling

Health and Insurance for Retirement
You have important decisions to make before you retire.

When you retire, you have many important decisions to make. You also have a number of action steps to do to retire now or in the near future. Use the resources below to anticipate what decisions you'll need to make and what actions you'll need to take.

When considering health care options for retirement, you will want to review and compare the retiree medical and/or COBRA options from Boeing. Other options may include Medicare, medical from an employed spouse, retiree medical earned from military service such as TRICARE, or heathcare reform Marketplace healthcare options.

Retirement Resources
You may start the retirement process as early as 90 days before your planned pension benefit commencement date by requesting a pension commencement package. You may pre-enroll in retiree medical benefits when you are within 60 days of your retirement date. This will allow you enough time to get everything in place for a smooth transition.

Ask a Health & Insurance Representative for help. Just call 1-866-473-2016 (Request Health and Insurance) and ask to speak to a Retiree Medical Advisor.

|          | **Preview your Retiree Medical Insurance (Modeling Tool)**  
You can preview your retiree medical coverage by working through a sample enrollment process. You’ll learn which plan options are available to you and their costs. If eligible, you may pre-enroll in the plan of your choice up to 60 days prior to your retirement date.  
Once you leave Boeing, you have 30 days to enroll in retiree medical, if eligible. |
|          | **Learn About COBRA (Modeling Tool)**  
You can preview COBRA coverage and costs by working through a sample enrollment process here. COBRA is generally limited to 18 months, and if you have retiree medical options, you will have another opportunity to enroll in retiree medical when your COBRA coverage ends. In addition to retiree medical, you may also enroll in COBRA dental. For some retirees, COBRA may be a better and less expensive option initially. If you are Medicare eligible, Medicare is primary to COBRA coverage. |
|          | **Update your communication preferences before you leave the company**

|          | **Review Your Health Reimbursement Account and Health Savings Account**  
If you have health reimbursement and/or savings accounts, you may be able to use the money in your accounts to help pay for future retiree medical expenses. For more information, please contact your plan administrator located on the Health & Insurance Summary page. |
|          | **Learn About Your Coverage when Medicare Eligible**  
Most people become eligible for Medicare health care coverage when they reach age 65, or earlier if due to disability. Learn about how Medicare works and what expenses it’s likely to cover by visiting the Medicare web site by clicking on the link above. Our partner, SSDC, will explain enrollment in Medicare and assist with completion of any related Medicare forms. Contact SSDC at 1-877-768-3011. |

• Employees must be 55 and have 10 years of vesting service at time of VLO to commence the pension benefit.

• Age 62 or older when your employment ends (or you reach age 55 during your 6 year layoff period), with any Credited Service.
  
  • Employees under the age of 55 who become 55 within 6 years following the layoff, can bridge into early retirement.

• Employees who do not reach the age of 55 in the 6 years following the layoff, will not bridge into early retirement.
